

# Techniques supporting teaching and learning - w o r k s h o p f o r e d u c a t o r s

The training meets the requirements of the Erasmus Plus program - we offer 5 days and 40 hours of classes.

Audience - teachers/lecturers who want to improve their teaching skills. There will be group classes using the method of discussion, brainstorming, experiment and job shadowing.

## Day 1

The role of the teacher in the teaching process – we will discover: What does a student need from us? How to teach to think? Is everyone creative? How to teach young people common sense? And how to build an authentic communication?

## Day 2

What does it mean to have a good memory? So about the possibilities of our brain. Types of knowledge and memory systems. Mechanisms of remembering and forgetting - Why do we remember so little? Techniques of effective knowledge acquisition (part 1). Own work on the materials provided.

## Day 3

Techniques of effective knowledge acquisition (part 2). How to use learning techniques in teaching? How to teach activity and commitment? Work organization strategies that need to be taught. Own work on the materials provided.

## Day 4

How to use learning techniques in teaching (part 2) - Individualization of teaching. Online Teaching - Features of a good presentation - does the number of slides matter? Own work on the materials provided.

## Day 5

When to use knowledge acquisition techniques? Summary of the workshop part - Participants' presentations. Good practices - a guest visit to the lecture.
